#### THE NATIONAL GAME.

GREAT MATCH FOR THE CHAMPIONSHIP.

Ease Ball at the National Capital-The Red Stockings, of Boston, vs. The Olympics, of Washington-Three of the Clympics Disabled-A Splendidly Played and Closely Contested Game-The Hubites Victorious by a Score of 20 to 18-

3,000 Spectators Present.

The great game of base ball for the championship of the United States, between the Red Stockings, of Boston, and the Olympics, of this city, came off this fternoon on the grounds of the latter, and was won by the "Reds," the score being 20 to 18. The excitement concerning this match has been at a high pitch for some time, and the betting until to-day had been with odds in favor of the Olympics. When It became generally known that Sweazey, the captain of the nine and second baseman, and Glenn their right field, would not be able to participate in the maich, both suffering from sickness, those who were disposed to give odds seemed inclined to back down, and betting became even. The ball grounds commenced to fill up by three o'clock, although the game was not announced to commence until an hour later, at which time there were probably 3,600 people within the enclosure. Both ciubs appeared on the ground very soon after three o'clock, and indulged in the usual preliminary ball tossing, the men on each side appearing in first rate spirits, and showed well the arduous practice through which

Mr. H. A. Dobson, of New York, was chosen umpire, and called the game at four o'clock. The ground was in fair condition, notwithstanding the very heavy rain storm of vesterday and last night. Harry Wright, captain of the Bostonians, won the toss and sent the Olympics to the oat, and the game opened with Waterman as striker. Spaulding struck his favorite attitude and sending in four unfair his favorite attitude and sending in four unfair balls, gave Fred his first. Force followed with a hit to George Wright, who cut Waterman off at second. Mills was muffed by Spaulding, the ball going to centre field. Allison, by a spiendid drive to left, sent Force and Mills home, going to second himself. Hall hit to short, but George Wright threw badly and Hall got first. Leonard and Brainard went to first on called balls and the bases were now fall. Harry Wright muffed Burroughs' fly and three men came home. Berthong was put out at first by Schafer to Gould. Waterman went to first on called balls and was batted out at second again by Force—balls and was batted out at second again by Force—ball and was batted out

George Wright and Barnes went to first on called dalls. The umpire was very strict, calling a ball or a strike on every ball pitched after the first. Birdsall and Parnes both weat out on a splendid double play by Alisson and Leonard, and Mills on three strikes by Birdsall. McVey hit to centre fleid, sending Wright home. Harry Wright closed the Inning by a fly to Burroughs at right held. One run.

In the second mining the Olympics made four runs, of which they earned two, a baddy missed fly by G. Wright giving them the other two. The Red Stockings for their share drew a blank, Force, Mills and Berthong doing the work, Gould, Schaffer and G. Wright being the victims, Cone and Spaulding getting to first base on three balls. Score, 10 to 1 in favor of Blue Stockings.

With such a lead starling them in the face the Red Stockings saw the necessity of a change of tactics and by waiting at the bat for bases and by errors on the part of the Olympics managed to score seven runs in the third inning, not earning one by batting. The Olympics meanaged to score seven from in the tour of the Olympics.

The Olympics by good batting scored one run in the fourth and one in the third inning, and by errors on the part of Gould, George Wright and Barnes obtained three more in the sixth inning, which brought their score up to 18.

The Red Stockings were retired to the field for three blanks in the fourth, fifth and sixth innings, the "Blues" playing their field in magnificent style, a sharp double pay by Force, Leonard and Mills and another by Alison and Mills marking their fielding.

In the seventh inning the Olympics were nicely orge Wright and Barnes went to first on called

and another by Aldson and Mills marking their fielding.

In the seventh inning the Olympics were nicely whitewashed, a fine double play by Barnes and Gould returing Loonard and Brahand, and Cone capturing Waterman on a good loul fly at left, leaving two men on the bases.

With a lead of seven runs it seemed impossible that the Olympics could lose: but fortune was against them. In the last half of the seventh inning Allson had his taumb split and was obliged to retire, Waterman going benind, Burroughs to third and Norton, a substitute, to right field. These changes had a disheartening effect upon the Blues, and the Reds were correspondingly hopeful and confident, and were allowed to score four runs, instead of a "goose egg," which they carned.

Each side scored three runs in the eighth inning, which left the totals at 1s to 15, in favor of the Blues.

The last inning opened amid very intense excitement, which was increased at the end of the first half, after the Blue Stocking boys had retired with-out adding to their score and four only then being required for the Bostonians to beat them. The inning opened with Burroughs taking his first on three balls, followed at the bat by Berthong, who three balls, followed at the bat by Berthong, who went out on three called strikes. Waterman next stepped aside in consequence of a highny well taken at the third, and Force coming next to the plate sent a grounder to third, which went swiftly to second, putting Eurroughs out and the side retired with chances favorable to Boston to tie or win. The Red Stockings commenced their half of last inning with Harry Wright taking his first on three balls; Gould next sent a fine grounder to right field, upon the strength of which is made his Birst. Wright taking the second: Schafer then sent another roller along the field giving him three bases and bringing Gould and Harry Wright both home; Come retired on a foul bound and Spaulding sent a fly over the second base bringing in Schafer and making a the. The excitement was bow at a high pitch, one man only being out and one run only being necessary to win. George Wright took his first on a short hit, Spaulding getting to second. Barnes made his first and hit to centre field, sending Spaulding hime, thus making the winning run. George Wright, attempting to make the third base, was cut off by a spiendlid throw from Berthong to Burroughs at the third. Birdsall, by a bard drive to centre field, made three bases sending the third base, was cut off by a spiendid throw from Berthong to Burroughs at the third. Birdsall, by a hard drive to centre field, made three bases, sending Faraes nome. McVey end a the inning and game by a hit to Eurroughs, who threw him out at first.

The following is the full score:—

LAWRENCE, Kansas, May 5, 1871. At the annual meeting of the stockholders of the Kansas Pacific Railroad yesterday the following were chosen directors:-J. D. Perry, Adolphus Meier, Robert E. Carr, C. S. Greeley, William Mc-Pherson, W. R. Lewis and S. M. Edgill, of St. Louis; Thomas A. Scott and M. Baird, of Philadelphia; William Thew, of Pittsburg, and John McManns, of Reading, Pa. The new Board organized by electing Eobert E. Carr Fresident, Adolphus Meier Vice President, C. S. Greeley Treasurer, and Charles B. Lamborn Secretary.

Railroad Legislation in Kentucky. LOUISVILLE, May 5, 1871.

The City Council last night repealed the ordinance ou. mitting to the people the question of subscribing \$37. 1,000 in aid of the Louisville and Nashville Rallroad extension south. This action is understood as not theing prejudicial to a subscription, which will probably be made when necessary to carry out the enterprise.

A Railroad in Bankruptey. INDIANAPOLIS, Ind., May 5, 1871. A petition in bankruptcy was filed to-day in the Upp 'ed States Court against the Indianapolis, Cincums ti and Lafayette Railroad Company by creditors re presenting a large portion of the floating deot.

CONVENTION OF THE SEARS ARMY OF THE REPUBLIC.

BOSTON, May 5, 1871. Delegates to the Na. lonal Convention of the Grand Army of the Republic w, 'U partake of a banquet in Paneull Hall on Wednesda, "evening, May 10. General Booker and other disti, "guished officers have accepted avitations to be present

### PLYMOUTH LECTURE ROOM.

Pasteral Advice to the Elect-Baptism by Im-

mersion.

Last evening was the final lecture room preparathe hundred candidates for Plymouth church, and an audience so crowded as to overflow into the church parlors listened to Mr. Beecher's "talk" about the duties, joys and trials of a Caristian life. He said when persons were first brought into the Christian Church, and into all the experiences that procede and follow, they are apt to have a taste, th joy and sadness. The outbreak of spirite, at life in the soul is like the outburst of spring, full of color and periume and

THE SONGS OF BIRDS. But, after all, religion is a serious buckness. It is business, not emotion; that is a mere accident, Christianity is to work hard to the very end of life. It is important that in begin-ning a Caristian life you should begin intelligently, and understand that in joining the Courch you only begin; you put yourself in a position where you are helped to build a spiritual manhood, the ideal of which is Christ. You enter upon a course of training that is to last all your life. When you first enter a school you don't feel that your education is completed merely by putting your name upon the list of pupils; but many people think that in coming to the church they get religion. No, they

BAVE GOT THE MODEL and all their life must be spent in coming up to it. No person should think himself a Christian because he is happy, and no one should doubt that he is a Christian because he is unhappy. Happiness is largely a matter of temperament. Some people are happy everywhere and others are never happy. happy everywhere and others are never happy. Some people's nerves secrete sweetness and others' sourness. Sometimes those who make the greatest edorts to fulfil the commandments of God nave no exaited emotions of joy. The question is not, are you happy? but are you determined to build a manhood patterned after Christ? A man starts for Liverpool and thinks that he is right because he has bland air and serene heavens day after day; another thinks he must be wrong because he meets only tempestuous weather. But

But What has the weather to do with it if you have a compass and know how to steer? It is better to bave clear skies; but your business is to keep right across the sea, whether it is fair or foul. When you attempt to restrain the animal within you it will not be surprising if there is resistance, and temptation may sometimes be stronger than before you were trying to live towards a higher ideal. You are not to despair if you fall, but you are to get up and not stop too long to cry over your nurt. As long as life lasts you are to keep up

A TOUGH DETERMINATION
to overcome. You are to show your change not so much by going around scattering traces and injuring into people's religious states as by changed dispositions. Sometimes a person could make a household happier by holding his tongue half a day than he ever made it before. If you have been given to censoriousness, bitterness, tale bearing, sending tracts, though well enough, will be a very poor substitute for self-control. You can show your desire to do right

By KIND WOEDS;

do right

BY KIND WORDS;
that are often worth more than money; by taking sides with the wronged, even if you don't like them; by making men feel your gentleness and warmth and generosity. Do not break of your friendships, but be sweeter and more faithful in friendship. Be in every way a nobler man, more industrious, more truthful, more genial, more friendly. This is the way to let your light shine. Through toil and defeat and disaster, up hill and down fail, persever unto the end. down hill, persevere unto the end, After the lecture room services the andience ad-journed to the auditorium to witness the baptism by immers;on of four candidates.

#### STEALING TIME.

Wholesale Larceny of Gold and Silver Watches in Jersey.

Yesterday Mr. Charles A. Fazeek, an Elizabeth jeweller and watchmaker, went to dinner at twelve o'clock. He was gone an hour, and le't a colored o'clock. He was gone an hour, and le't a colored boy named Whilam Johnson in charge. On returning he found the store, located in the second story of a building on Broad street, while open, the boy gone and twenty-seven out of twenty-eight watches gone besides. All were silver, except three gold ones, and belonged to parties in Elizabeth, who had left them for repairs. They were worth at least \$700. The police are on the track of the youngster, but had seen nothing of him or the watches up to late last hight.

### THE CUTTER CASE IN NEWARK.

An impression prevailed in Newark yesterday that Jury recently for producing an abortion on the person of a servant girl named Maria Clark, the particulars of which have already been given in the HERALD, had jumped his bail. Diligent inquiry in Newark last exeming developed facts which induce the opinion that the Doctor's absence is from causes other than a desire to evade justice. He was in Newark yesterday, but in the atternoon went to New York, where he has wealthy and inducatial relatives, his object being to procure ball, which he could not do in Newark. His most intracte riginds are confident that he will turn up to The Doctor has other "riends" in Newark who will

WHITESTONE, LI. May 5-7 PM.
WHITESTONE, LI. May 5-7 PM.
The violent NE gale which set in at midnight on 2d inst has
greported at anchor in the different harbors in this viennity
remain unwiling to proceed, probably on account of the yet
rather threatening aspect of the weather. Wind ENE, overcase, with heavy showers at intervals.

#### SAILED.

The following vessels are anchored at Qurrantine, outward bound:—Barks Teresina, for Gibraltar: Adeliaide Pendergast, for Rio Janeiro: Thor, for Stettin; Laura, for Gibraltar; Rudolph, for Copenhagen; brigs Gea. for Elsunoe; Gor Warner, for Stockholm; Diana, for do; Giltner, for Konsberg; Mariposa, for Cardenas; schrs Eveline, for Barbados; M M Heath, for Galveston.

The vessels reported in Thursday's edition anchored at the Southwest spit still remain with the exception of barks R W Griffiths, S E Kingsbury and brig S V Nichols, which vessels sailed Thursday evening. Wind at sunset NE, light.

Marine Disasters.

BRIG CHARLENA—Havana, May 4—Brig Charlena, from Sagna for Boston, is ashore; part of cargo saved; vessel will be a total loss. (The C was owned by J W Hunt and others, of Portland, was built in 1859, and was 232 tons burthen.) BRIG ASHOUR—Atlantic City, NJ, May 5—The lighthouse keeper reports having seen, during a break in the for, a large trig ashore on Brigantine Beach, below Smill's Louse. She is a herm brig and is full of water.

Schr Nellie Stapille-Portsmouth, NH, May 4-The schr Sahwa, of Jonesport, Captain Allen Keily, bound from Boston to Bangor, came in the lower harbor this morning, having in tow the wrecz of the schr Nellie Stapies, of Lubec, Me. The account of the disaster to the Nellie Stapies, on the 23d of April, has aiready been published. The Sahwa picked up the wreck 80 miles southeast by east from Cape

Long what.

Some Henry Castorr, Dumont, of and from Providence
for Rockport, Me, got ashore on the outer point. Dry Ledge,
near Owl's Head, night of 2d inst, but came off next fore-

soon.

Schr Clara, Cox. from Georgetown, DC, for New York, with coal, put into Norfolk 2d inst leaky, and was grounded on the flats to stop the leak. on the flats to stop the leak.

Nonrolle, May 3.—The report made by the captain of brig
Jessy, from Pernambuco, at Hampton Roads, of a ship and
a brig being ashore at Whimble Shoals, is not credited here,
if probably originated from seeing the wreck of the threemasted schr Niagara, which had all her masts standing at

last accounts.

Tobowto, Ont. May 5.—The steamer Emity May and schr
Edward John, taden with lumber, were in collision last evening as they were coming into port. The schooner had her
bows stove and sunk. The steamer was slightly damaged. Miscellaneous.

We are under obligations to Purser Magna, of the steam

we are unler congations to ruiser augus, or the steam ship Columbia, from Havana and Nassau, for the prompt delivery of our files and despatches. Chas F Burke, purser of the steamship Virgo, from Sa

vannab, will accept our thanks for his attentions.

American Lloyds Supplement for May I has been re ceived from the effice of the Association, 35 Wall street, Thos D Taylor, Director. This number contains the surveys and D Taylor, Director. This ballow resurveys, rates of many new names, besides resurveys.

STEAMSHIP BOLIVAR (Br), from Mobile for Liverpool,

alch put into Norfolk for co al, sailed from N AM of the 3d inst. She was so crank that 50 bales of cotton had to be taken out and balast taken on board. STEAMER FLORENCE is reported to have been stolen at Jacksonville on the night of the 1st inst by unknown parties, and is supposed to have proceeded northward; and, as she had but a small supply of fuel, she may be looked for at Hampton Roads.

Hampton Roads.

VESSEI. BUILDING—Messrs C H Currier & Co. Newbury-port, have recently contracted for the building of a three-masted schooner of about 200 tons, to be completed the latter part of August. She is for Boston and Cape Cod parties, and is to be engaged in the coasting business. Work will be immediately commenced.

MISCELLANEOUS. GREAT NATIONAL LOANS NEW FIVE PER CENT BONDS

registered certificates of stock and a good part of the coupon bonds of the new loan of the United States, bearing five per cent interest, payable quarterly, in gold, will be ready for delivery early in the present month. The subscriptions to the loan now amount to \$62,000,000, and it is expected that the subscriptions and sales will progress more rapidly when the certificates and bonds are ready for market abroad as well as at home. The whole sum of five per cents offered to the public generally, and to the holders of United States five-twenty bonds, without qualification, is \$200,000,000. When this amount, to which preference is thus given, is taken up, the remainder of the five per cents, \$300,000,000, embraced in the new loan of July 14, 1870, for refunding the public debt, will be offered in connection with \$200,000,000 four and one-half per cents, and any part of \$700,000,000 of four per cents, the one running fifteen years and the other thirty years.

The following is a cppy of the new five per cent. bond, under and pursuant to the new lean act of Congress :-

FORM OF FIVE PER CENT. BOND. INTEREST | FUNDED LOAN OF 1881 | FIVE PER CENT.

Register of the Treasury.

Registered bonds will be issued of the denominations of \$50, \$100, \$500, \$1,000, \$5,000 and \$10,000, and coupon bonds of each denomination except the last two. The interest will be payable in the United States at the office of the Treasurer. any Assistant Treasurer or designated depository of the government, quarterly, on the 1st days of February, May, August and November in each year.

The interest on the registered stock of this loan, it is determined by the Treasury Department, will be paid as conveniently to the holder as on the coupon stock, and personal attendance, or attendance by proxy at the Treasury, to draw and receipt for the interest will be dispensed with, whenever the check of the United States Treasurer, mailed punctually to the address and order of each holder, on or before every quarter day, is preferred to such attendance. This check, payable in gold coin at the Treasury in New York (or such other office as the stock is registered at), will be negotiable or collectable on the endorsement of the owner or owners of the stock. In pursuance of this arrangement the subscribers to or purchasers of the stock in its registered form (which is a complete protection against theft or other losses incident to coupon bonds payable to bearer) are advised to give their post office address in full, and to notify of any change in the address between quarter days.

The whole proceeds of the new loan will be applied to the payment or redemption and cancellation of the 5-20 years six per cent bonds, and, in addition to these proceeds, the 5-20's are now being reduced by purchase at the rate of \$10,000,000 per month.

The entire effect, therefore, of the new loan, in connection with the existing Sinking Fund process of the Treasury, in to reduce both principal and interest of the public debt of the United States. The loan creates no additional supply of government stocks, while the application of the surplus revenues derived in gold from customs is constantly lessening, as it has been doing for two years past, the funded stocks bearing six per cent gold interest.

The 1st of May schedule of the public debt, which has just duction in these stocks since the April[schedule of \$12,215,700, and a further lessening of the yearly interest charge thereon of \$733,942. This leaves the total yearly interest charge in old \$111,982,034. In the same month the Treasury paid and cancelled \$2,470,000 of the three per cent currency debt. reducing the whole of this debt bearing interest to \$51,023,000, and the yearty interest charge thereon to

The proposed further reduction of the annual interest harge upon the public debt by refunding is as follows:-By exchange of \$500,000,000 United States six per cents for new five per cents of 1861..... \$5,000,000

By exchange of \$500,000,000 United States six per cents for four and a half per cents of 1856 ...... 4.500,00 By exchange of \$700,000,000 United States six per Total saving per annum by rejuncing ..... \$23,500,000

The large and rapid accumulation in the last few years of pri vate capital now retired from active business, and of the cash Savings and Life Insurance premiums deposited with or intrusted to the provident institutions of the country-all seeking the most undoubted security, pledged to be kept free of all taxes, under national or local authority, and content. provided this object be assured, with moderate rates of inerest-will no doubt ultimately absorb so much of these new stocks as may not be taken in voluntary conversion of United States 5-20s, or marketed abroad.

The official schedule of the Treasury affords the following classification of funded stocks (in gold) of the United States, as outstanding on the lat of May:-FUNDED STOCKS (IN GOLD) OF THE UNITED STATES,

Date, Coupon, 5-20s, 1862. 8053,401,050 5-20s, 1864. 45,700,000 5-20s, 1866. 123,513,55 5-20s, 1866 (n.) 182,886,600 5-20s, 1867. 244,097,50,05 5-20s, 1868. 28,539,850 Registered. \$107.564.600 1.6.781.603 54.605.803 72,476,800 91.599,100 11,114,600 \$ 93,842,500 190,139,500 127,193,600 6,635,600 \$727,209,600

MISCELLANEOUS. OFFICIAL REPORT of the SUPERINTENDENT OF THE NEW YORK INSURANCE DEPARTMENT, MADE TO THE LEGISLATURE, CONCERNING THE CONDITION AND STANDING OF THE KNICKERBOCKER LIFE INSURANCE COM INSURANCE DEPARTMENT,) ALBANY, N. Y., April 29, 1871.

condition of several of the insurance companies doing bust-In the month of November, 1870, an examination of the books, accounts, assets and general condition of the Knickerbocker Life Insurance Company of New York was instituted. That examination has just been completed, and atthough in the annual report referred to it was distinctly announced that "it need not be considered as an imputation upon the standing of any company that it is under examina-

Pursuant to the authority vested in me by law, and in

accordance with an intention expressed in my annual report

of 1870, to the Legislature of this State, I have made and

caused to be made, certain examinations into the affairs and

tion." still, as it is claimed that an effort has been made to ase the fact of the protracted investigation in this case to the disadvantage of the company, I deem it due to the company, and also to the public, to make a report of the result of such

specific charges against the Company or its management, but in accordance with the general intention above referred to. The KNICKERBOCKER was organized in 1853, upon a capital of \$100,000, and for the first ten years its progress was slow. Since 1863, however, its business had rapidly increased, until, as appears by the annual statement of the condition of the Company, December SI, 1869, it had outstanding 22,078 policies, insuring the sum of \$66,308,439, with aggregate assets of \$6,680,365, and aggregate liabilities

There were but three companies organized under the laws of New York which reported a larger amount of business done or more assets. The business of the company was done on the "note" plan, and consequently quite a large portion of its assets consisted of premium notes.

It had been intimated that note companies were quite careless in regard to the accuracy of the statement of assets, and that notes were frequently included among the assets which were, in fact, given for premiums upon policies not in force, and hence of no value.

The KNICKERBOKER, being a leading note company, it was thought best to make at as early a date as practicable a thorough investigation of all its affairs, with a view to settling this and other questions, at least so far as that company was concerned.

The examination made has been most extensive and exhaustive. All the notes, amounting in the aggregate to over 25,000 in number, have been separately examined, a full list made and compared with the entries in the books, and they have withoutexception been found to be notes given upon policies in force. All the other assets and accounts of the company been disallowed, from which the company will no doubt be able ultimately to realize, but which are of so uncertain a value as to prevent their being allowed in my estimate of the condition of the company.

Notwithstanding the thorough sifting to which the assets of the company have been subjected, however, I am happy tobe able to state that they amounted on the first day of January, 1871, to the sum of \$7,020,973 85, while the liabilities. including reserve fund and capital stock, amounted to \$6,844,996 26, leaving a surplus of assets over all liabilities of \$175,977 59. This surplus, nowever, would be increased to \$550.662 84, by including the amounts disallowed as above stated, which are claimed by the company to be valid and available assets, thus showing the company to be entirely solvent and entitled to the confidence of its policy holders

It affords me much pleasure also to be able to state that the company has adopted the policy of as rapidly as possible abandoning the "note" system and effecting insurances upon the all cash basic, and that with this and other improved methods of business adopted, and the extensive business already established, the company has every prospect of con-

Complaints have been made against this as well as other companies, of a want of fairness and liberality toward policy holders, but, so far as the facts appear from my investigation, I find that the Knickerbocker has honorably and promptly met and discharged all legitimate claims, the gross sum paid for such claims upon policies since its organization amounting to \$2,881,849.86, besides dividends paidto policy holders, amounting to \$995,424.85.

In view of all the facts disclosed, I feel warranted in saying. that the company is entitled to public confidence. GEORGE W. MILLER. Superintendent Insurance Department, State of New York,
